#### INDEPENDENT AUDITORS' REPORT

To the Members of Redeemer University

#### **Opinion**

We have audited the financial statements of Redeemer University (the "University"), which comprise:

- the statement of financial position as at April 30, 2021
- the statement of operations for the year then ended
- the statement of changes in net assets (deficiency) for the year then ended
- the statement of cash flows for the year then ended
- and the notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the University as at April 30, 2021, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibility under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our auditors' report.

We are independent of the University in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Responsibility of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the University's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the University or to cease operations or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the University's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

#### We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
  - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the University's internal control.

#### Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other
  matters, the planned scope and timing of the audit and significant audit findings,
  including any significant deficiencies in internal control that we identify during
  our audit.

Notes to Financial Statements

Year ended April 30, 2021

Redeemer University (the "University") is a non-profit degree-granting Christian university for education in the general arts, humanities, and sciences. The University is a registered charitable organization and, as such, is exempt from income tax under Section 149.1(1)(b) of the Income Tax Act (Canada).

#### 1. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian Accounting Standards for Not-For-Profit organizations in Part III of the CPA Canada Handbook.

#### (a) Cash and cash equivalents:

Cash and cash equivalents include cash on hand, short-term deposits which are highly liquid with original maturities of less than three months from year end and redeemable GIC investments.

#### (b) Short-term investments:

Short-term investments consist of non-redeemable GIC investments with maturity dates no longer than one year. Term deposits with maturity dates longer than 90 days are included as investments.

#### (c) Revenue recognition:

Tuition and residence fees are recognized as revenue in the academic year to which they relate; accordingly, registration deposits and tuition fees for the following academic year are deferred.

Pledges are not recorded. Unrestricted contributions are recognized as revenue when received or receivable, as long as the amount can be estimated and collection is reasonably assured. Donations and grants received by the University for a specific purpose are recognized as revenue in the year to which they relate; accordingly, donations and grants related to future years are recorded as deferred revenue. Scholarship contributions are deferred until the year in which the scholarship is awarded.

Capital contributions received for the purpose of acquiring capital assets are deferred and amortized on the same basis, and over the same periods, as the related capital assets.

#### (d) Employee benefit plan:

Defined contribution plan accounting is applied to a multi-employer plan, whereby contributions are expensed when due as the University has insufficient information to apply defined benefit plan accounting.

Notes to Financial Statements

Year ended April 30, 2021

#### 1. Significant accounting policies (continued):

#### (e) Capital assets:

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of contribution. Assets acquired under capital leases are amortized over the estimated life of the assets or over the lease term, as appropriate. Capital assets acquired prior to May 1, 2011 are recorded at deemed cost, being its fair value at May 1, 2011, the transition date to Accounting Standards for Not-For-Profit organizations. Repairs and maintenance costs are charged to expense. Betterments which extend the estimated life of an asset are capitalized. When a capital asset no longer contributes to the University's ability to provide services, its carrying amount is written down to its residual value.

Capital assets are amortized on a straight-line basis using the following annual rates:

	Rate
Buildings and facilities	10-40 years
Organ	40 years
Equipment	5-20 years
Furniture and fixtures	10 years
Computer hardware and software	4 years
Franchise license	10 years
Library books	10 years

Construction-in-progress is transferred to the appropriate asset category once the particular project is complete and amortization commences when the assets are ready for use.

The University assesses for partial impairment of capital assets annually. When circumstances indicate that the carrying amount of an asset may not be recoverable, an impairment loss is recognized as a non-reversible impairment expense.

#### (f) Inventory:

Inventory, which consists of books and other retail items, is valued at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis.

#### (g) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. Money market funds and bonds that would otherwise be recorded at amortized cost are recorded at fair value as they are managed and evaluated on a fair value basis. Other financial instruments are recorded at amortized cost.

Notes to Financial Statements

Year ended April 30, 2021

#### 1. Significant accounting policies (continued):

#### (g) Financial instruments:

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the University determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the University expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial impairment charge.

#### (h) Net assets (deficiency):

Net assets (deficiency) are classified as follows:

Unrestricted: operating funds available without specific restrictions;

Invested in capital assets: funds invested in capital assets, exclusive of capital assets financed through long-term debt, bonds, or deferred capital contributions;

Internally restricted: the University has committed to a number of strategic initiatives for which the Board of Governors has chosen to internally restrict funds. These initiatives include raising the University's profile, reducing debt, strengthening the University's Reformed Christian identity, innovating for student and graduate success, improving human resources and workplace culture, and upgrading and expanding facilities; and

Endowments: external contributions, the principal of which is non-expendable pursuant to the restrictions by the donor, and income retained under the endowment fund investment policies and guidelines.

#### (i) Use of estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the valuation of accounts receivable, the carrying amount of capital assets and accrued liabilities. Actual results could differ from those estimates.

	\$ 1,579,302	\$1,188,214

#### 3. Restricted investments and assets:

#### (a) Endowments:

Contributions restricted for endowments consist of externally restricted donations received by the University. The endowment principal is required to be maintained intact. Accordingly, these amounts are classified as long-term restricted investments.

The investment income generated from endowments must be used in accordance with the various purposes established by the donors or Board of Governors. The University ensures, as part of its fiduciary responsibilities, that all funds received with a restricted purpose are expended for the purpose for which they were provided.

Investment income on endowments that is available for spending at the discretion of the University or is available for spending under specific conditions has been recorded in the statement of operations.

Endowment investments consist of the following:

	2021	2020
Equities Bonds Cash and cash equivalents	\$ 3,098,464 929,672 825,448	\$ 2,893,258 891,510 879,153
	\$ 4,853,584	\$ 4,663,921

The bonds bear a yield to maturity ranging from 2.34% to 4.90% maturing between June 2, 2022 and July 5, 2023. During the year, contributions of \$49,050 (2020 - \$26,088) were received and disbursements for grants of \$192,875 (2020 - \$133,683) were made relating to endowments. The current year net increase in endowment investments of \$333,488 (2020 - \$408,422), including management and trading fees of \$47,296 (2020 - \$43,986), has been included in the statement of changes in net assets (deficiency).

#### 3. Restricted assets (continued):

#### (b) Bachelor of Education Program:

In 2005, the University was granted permission to provide the Bachelor of Education Program to students. The University has provided an irrevocable standby letter of credit of \$150,000, as required by the Ministry of Colleges and Universities of the Province of Ontario (the "Ministry"), in conjunction with providing this program.

The University has invested \$150,000 in an interest bearing certificate in the event there is a requirement to make payment to the Ministry with respect to this program. The value of the certificate at April 30, 2021 is \$150,000 (2020 - \$150,000).

#### 11. Commitments and contingency (continued):

(c) The University has a \$2,000,000 operating line of credit available by way of direct advances or letters of credit or guarantees. The letters of credit and guarantees are limited to a maximum of \$250,000. As at April 30, 2021, \$nil of letters of credit (2020 - \$nil) has been drawn on the line of credit. This operating line of credit increases to \$3,000,000 for the months of June to August.

The direct advances drawn on the line of credit are due on demand and bear interest at the bank's prime rate plus 0.50%. Letters of credit or guarantees bear interest at 1.5% per annum. A general security agreement, a general assignment of book debts and a collateral mortgage providing a first fixed charge over land and buildings have been provided as collateral for the operating line of credit.

The University has \$150,000 (2020 - \$150,000) available by way of letter of credit in support of the Bachelor of Education program. This line bears interest at 1.00% per annum.

In addition, the University has \$100,000 (2020 - \$100,000) available by way of VISA business cards in support of operations.

(d) Canadian Universities Reciprocal Insurance Exchange:

The University is a member of the Canadian Universities Reciprocal Insurance Exchange ("CURIE"), a self-insurance cooperative comprised of approximately sixty Canadian universities and colleges. CURIE insures property damage, general liability and errors and omissions risks. If premiums collected are insufficient to cover expenses and claims, the University may be requested to pay additional amounts.

- (e) Certain claims exist against the University. These claims are not expected to have a material impact on the financial position or operating results of the University.
- (f) Construction is under way for a new multi-purpose residence and classroom facility, to open in September 2021. The University has entered into an agreement with a general contractor, who will serve as construction project manager for the building. The expected cost of the building and furnishings is \$20,500,000. Subsequent to year-end, the University entered into a \$16,000,000 credit facility agreement with The Bank of Nova Scotia to partially finance the cost of the project. The loan bears interest at Prime plus 1%, and the term of the loan is 1 to 5 years and the amortization is 20 years.

#### 12. Related party transactions:

The RUC Business Trust 2005 is considered a related party as the University is the sole beneficiary. The Trust is currently inactive.

#### 13. Internally restricted assets:

The Board has internally restricted \$5,259,722 (2020 - \$7,379,755). As at April 30, 2021, \$nil (2020 - \$1,339,063) was restricted for debt reduction and \$5,259,722 (2020 - \$6,040,692) for program and facility initiatives.

#### 14. Financial risks:

#### (a) Currency risk:

The University is exposed to financial risks as a result of exchange rate fluctuations and the volatility of these rates. In the normal course of business, the University makes purchases denominated in U.S. dollars. The University does not currently enter into forward contracts to mitigate this risk. There has been no change to the risk exposure from 2020.

#### (b) Liquidity risk:

Liquidity risk is the risk that the University will be unable to fulfill its obligations on a timely basis or at a reasonable cost. The University manages its liquidity risk by monitoring its operating requirements. The University prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations. There has been no change to the risk exposures from 2020.

#### (c) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. The University is exposed to credit risk with respect to the accounts receivable and student loans. The University assesses, on a continuous basis and accounts receivable and provides for any amounts that are not collectible in the allowance for doubtful accounts.

#### (d) Interest rate risk:

The University is exposed to interest rate risk on its fixed interest rate financial instruments. Further details about the fixed rate investments are included in note 3 and fixed rate debt in note 6.

#### 15. Impact of COVID-19:

On March 11, 2020, the World Health Organization declared the Coronavirus COVID-19 ("COVID-19") outbreak a pandemic. This has resulted in governments worldwide, including the Canadian and Ontario governments, enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally and in Ontario resulting in an economic slowdown. The government of Ontario regularly issued stay at home orders and closure of non-essential businesses. In response, the University instituted a dual-delivery system for its classes, allowing in-person learning when permitted with an option for students to attend remotely as well; while residences remained open for most of the period, campus was closed to external guests. As such there has been a decrease in conferences, rentals and community use revenue for the year ended April 30, 2021.

During the year, the Government of Canada announced the Canada Emergency Wage Subsidy program ("CEWS"). CEWS provides a wage subsidy on eligible remuneration to eligible employers meeting certain criteria. During the year ended April 30, 2021, the University was eligible for CEWS and has recorded \$4,458,269 (2020 - \$675,314) as grant revenue. At April 30, 2021, the University has recorded a receivable from the Government of Canada of \$1,061,680 (2020 - \$675,315) relating to CEWS claims.

Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions however the success of these interventions is not currently determinable. At this time, as with many organizations, these factors present uncertainty over future cash flows, may cause significant changes to the assets or liabilities and may have a significant impact on future operations. The University is closely monitoring its costs and expenditures as future funding is not known and an estimate of the financial effect is not practicable at this time.

#### 16. Comparative information:

Certain comparative information has been reclassified to conform with the current year's presentation. The reclassifications had no impact on excess of revenues over expenditures.
