MEET THE NEEDS OF TODAY AND TOMORROW. Can we help you develop your workforce of the future? Recruiting a Redeemer University College intern is a great opportunity for early identification of talent. Students receive relevant work experience while you, the employer/community partner, benefit from their fresh perspectives.

Students in Psychology consider the individual through the dimensions of humanness—biological, perceptual, emotional, cognitive, linguistic, social, cultural, economic, and aesthetic. These students are strong researchers using laboratory and statistical methods to unlock the mysteries of mind and behaviour, seeking evidence-based interventions to improve human life. For third and fourth year students, an internship gives them an opportunity to further their knowledge and skills in an applied setting, while earning academic credit. Psychology is a Bachelor of Arts degree within the Psychology Department.

EXPECTATIONS

Employers commit to providing a learning experience relevant to the student's area of study and career development. Responsibilities of the employer supervisor include:

- Provide an *Internship Work Proposal*
- Sign the *Internship Agreement*
- Meet with the faculty supervisor
- Initiate the orientation process
- Prepare weekly learning activities
- Identify opportunities for the student to develop core competencies
- Offer guidance, mentoring, and feedback
- Schedule regular meetings with the student
- Review the student's progress
- Complete and submit the evaluation to the faculty supervisor
