MEET THE NEEDS OF TODAY AND TOMORROW. Can we help you develop your workforce of the future? Recruiting a Redeemer University College intern is a great opportunity for early identification of talent. Students receive relevant work experience while you, the employer/community partner, benefit from their fresh perspectives.

Students in Social Work develop an in-depth understanding of the world and explore avenues to social justice while identifying and practicing methods of change. The program draws on the rich histories and contributions of both sociology and social work. For third and fourth year students, an internship gives them an opportunity to further their knowledge and skills in an applied setting, while earning academic credit. Social Work is a Bachelor of Arts degree within the Department of Applied Social Sciences.
