MEET THE NEEDS OF TODAY AND TOMORROW. Can we help you develop your workforce of the future? Recruiting a Redeemer University College intern is a great opportunity for early identification of talent. Students receive relevant work experience while you, the employer/community partner, benefit from their fresh perspectives.

Students in the Urban/Intercultural and Youth Ministry program demonstrate the capacity to work with and appreciate various cultures and perspectives, resulting in the transformation and flourishing of communities. Students learn to understand their own cultural formation and how it can both help and hinder meaningful ministry, and ultimately what it means to announce, demonstrate, and embody the good news of the Kingdom of God. For third and fourth year students, an internship gives them an opportunity to further their knowledge and skills in an applied setting, while earning academic credit. Urban/Intercultural and Youth Ministry are Bachelor of Arts degree programs within the Religion and Theology Department.
